## TARTALO. I INTERNATIONAL MUSICAL THEATRE COMPETITION

Tartalo, in collaboration with Marianistas School of Musical Theatre, launches its “I International Competition on Musical Theatre on the Fantastic”.

### Aim of the call

The objective of the contest is to reward the best stage works submitted to it, while promoting the genre of Musical Theatre among young people using the fantastic as a transversal theme.

Musical Theatre is a form of expression of scenic art in which singing, dancing and interpretation are merged. Therefore, each submitted project must represent a theme of this genre in which the three disciplines are worked on in one way or another. The genre itself is very broad (classical works, contemporary works...).

Several criteria for the evaluation of the poster will be assessed, such as:

- Originality of the proposal
- Its aesthetics and staging
- Vocal quality
- Interpretive quality
- Choreographic quality and originality

### Participation

The contest is open to students from all over the world, provided that their age is within the age restrictions established by the competition rules (from 6 to 18 years old).

Participation will be groupal (min. 10 people, max. 30) and each participant will be able to participate only with one group.

The participating groups may be part of a school, organization or association, or be independent groups created for the contest. In the case of schools/organizations/associations, one person may act as a representative and present more than one group, as long as the participants of the groups are different.

Each group will submit one 2 to 5 minutes-long video. The video must be in sequence shot (made in a single take, without cuts) and with the sound directly recorded in that same sequence. This way, the result will be evaluated without voice editing.
